

[Important notice from Shiga Bank: Email Fraud Warning]

Dear Customers,

In recent weeks, it has come to our attention that there have been a number of fraudulent emails sent over the internet attempting to solicit personal information from our customers. The emails were as if they were sent by one of Shiga Bank's Directors, while at the same time claiming to originate from Shiga Bank's Hong Kong branch.

Shiga Bank is not involved with such emails and will never ask for your personal information through emails. If you receive an email that requests you to provide confidential information such as your account number, password or other information, you should be suspicious of it, and we strongly suggest that you do not respond to or attempt to access any links found in such emails.
