Proposals and References

Proposal No. 1: Appropriation of Surplus

With “mutual prosperity with the regional community” as a pillar, the Bank works to secure the health and transparency of management while aiming to enrich internal reserves and strengthen the financial structure in preparation for a management environment that will be increasingly harsh and future investment. The Bank has also a basic policy of continuing to provide stable dividends to shareholders while making payment of dividends as great as possible.

Based on this policy, with the intent of returning profits to shareholders and taking into consideration the business performance for the fiscal year under review, the Bank proposes the year-end dividends to be 22.50 yen per share, adding special dividends of 5 yen to an ordinary dividend of 17.50 yen, and other surplus to be appropriated as follows.

1. Matters concerning year-end dividends
 - (1) Type of dividend property
Cash
 - (2) Matters concerning the allotment of dividend property and the total amount
22.50 yen per share of common stock, for a total of 1,150,550,303 yen
(Reference) The Bank consolidated five of the Bank’s common shares into one share with an effective date of October 1, 2018. As the interim dividend on the record date September 30, 2018 (4 yen per share) is converted to 20 yen per share based on the number of shares after the share consolidation, the full year amount equates to 42.50 yen per share.
 - (3) Effective date of distribution of surplus
June 27, 2019
2. Other matters concerning the appropriation of surplus
 - (1) Item and the amount of surplus to be increased
General reserve 12,100,000,000 yen
 - (2) Item and amount of surplus to be decreased
Retained earnings brought forward 12,100,000,000 yen
